

Xerox® EXi Integrated Fiery® Color Server for the Xerox® Color 560/570 Printer

World-class color with workflow tools that put you in command.

Productivity starts with a fast RIP.

The Integrated Fiery Color Server enables you to print large and/or complex Microsoft® Office® documents, PowerPoint® files and color-critical PDFs accurately and quickly. It improves throughput and productivity by printing one page while processing subsequent pages, and by storing processed pages in memory before printing.

Simplify and streamline your workflow.

Automate job submission of repetitive job types to achieve productive, error-free workflows with Hot Folders and Virtual Printers.

Take advantage of commonly used Fiery presets to save time when submitting jobs. With Fiery server technology, even novice users can perform complex jobs using the pre-set drivers configured for the task.

Get the color right.

Produce precise, exact color from all applications, platforms and formats with Fiery® ColorWise® color management tools.

Turn up the impact with variable information.

Customize your output to a specific audience with varying text, photos and graphics with the Integrated Fiery Color Server's basic variable data printing capabilities.

Open it up to your Windows environment.

Connect to the Fiery from your native Microsoft® Windows® file directory and interact seamlessly with your standard Windows experience with the Fiery Bridge.

Create professional printed materials quickly and easily.

Make booklets and other documents directly on your desktop with Fiery VUE, a 3-D "visual print application" that guides you through an interactive and intuitive workflow.

A secure production environment.

Concerned about security? So are we. Your administrators will appreciate the Integrated Fiery Color Server's complete toolset covering all aspects of document and device security.

Print directly with Wi-Fi printing capability.

The Integrated Fiery Color Server's Direct Mobile Print for Apple® iOS® devices enables wireless printing simply and easily, at no extra cost. Users do not need any additional print drivers or software for printing.
