PHASER™ 3400

LASER PRINTER

Has your printing workload gotten to the point where you need a highly-productive laser printer right on your desktop? Or does your small workgroup need a shared resource that can keep up with its diverse and growing print needs?

Bridging the gap between personal and network laser printers is the powerful new Phaser 3400 laser printer by Xerox. It delivers professional laser quality and the print capability for complex files and large page counts. It's ready to connect the way you want with USB and parallel or the way your workgroup needs with 10/100Base-TX Ethernet.

Compact and capable, the 3400 is easy to set up and easy to use. With plenty of advanced features onboard and versatile paper handling to tackle challenging assignments.

Simplify your printing with a superbly reliable and hard-working laser printer – the Phaser 3400.

fast and productive

Outstanding first page out time of 12 seconds makes it feel like your personal printer even when it's connected to the network.

Fast 17 ppm breezes through large print runs.

Get serious performance with a powerful 166 MHz Power PC processor and 16 MB standard RAM (expandable to 80 MB), and a robust 40,000 pages-per-month duty cycle.

outstanding laser quality and performance

Crisp 1200 dpi resolution at full engine speed delivers photo-quality images and razor-sharp text.

Even complex jobs with graphics, photos or charts are printed at a quick pace in highest quality.

Advanced features like booklet printing, watermarks, and poster printing expand your print options.

Reduce printing costs by taking advantage of cost-saving features like draft mode, N-up printing and manual two-sided printing.

more printer for less

Connect it the way you want. Both a USB interface and parallel port is standard. And for multiple users, 10/100Base-TX Ethernet is standard on the Network configuration.

Print with precision across applications and platforms because of PostScript Level 3 processing, PCL6 emulation and plenty of embedded fonts.

You won't have to make extra room for the 3400. Its space-saving design fits right on your desktop or into office tight spots.

The Phaser 3400 comes with a standard one year depot warranty. And we stand behind it with the unmatched Xerox Total Satisfaction Guarantee.

The 3400 is ready to grow when you are. The standard 550 sheet tray holds an entire ream of paper, and you can double this capacity with an additional 550 sheet feeder.

designed for versatility

The toner cartridge is easy to install. Choose the high capacity cartridge for cost savings and non-stop printing. Choose the standard capacity when print volumes are lower.

Refill paper less often because of the high capacity 550 sheet standard tray ① and 100 sheet multipurpose tray ②. And add an optional 550 sheet feeder ③.

350 sheet output includes 250 face down in top tray ④ and 100 face up in rear tray ⑤.

Dependable feeding system allows printing on a wide variety of media. Print on a cover stock up to 100 lb index (163 gsm) for your report or a supporting transparency for your meeting. You can even feed envelopes, labels or other unusual media.

Print page sizes from index card to legal and everything in between.

bridging the gap

Ideal for the personal user:

- Affordable laser performance that can meet the printing needs of even the most demanding user
- Professional laser quality to enhance your business image
- Small and compact size fits neatly on your desktop
- One printer does it all: plain paper, labels, postcards, transparencies, envelopes
- Dependable and easy to use for unattended printing

Ideal for the network user:

- Powerful enough to deliver your job fast, even in a busy workgroup, and rugged enough to handle a high print volume
- Ethernet provides quick printer access to the entire office
- Set up tools and remote management tools for easy installation, configuration and printer control
- Works in all key operating environments and delivers prints from virtually any software package
- Supports multiple needs with a variety of media types and custom sizes
- High volume toner cartridges and paper capacity expandable to 1,200 sheets keep you printing longer
