

2018 BLI Summer Pick Award: Xerox® AltaLink® C8030 and C8035 Color Multifunction Printers

Outstanding Copier MFPs

Our AltaLink C8030 and C8035 were recognized as outstanding 30-ppm and 35-ppm Color Copier MFPs by Buyers Lab, the world's leading independent provider of testing services and analytical information to the document imaging industry. The real win for us is knowing our products make it easier for our customers to unleash their full business potential.

THIS IS WHAT THEY SAID ABOUT OUR WINNING PRODUCT:

"The devices provide an incredibly user-friendly experience thanks to a tablet-style interface with slide/swipe navigation, as well as access to ConnectKey apps from the Xerox App Gallery to speed up and simplify everyday tasks," said George Mikolay, Associate Director of Copiers/Production for Keypoint Intelligence – Buyers Lab.

BLI's Summer 2018 Picks for Copier MFP awards were announced on July 11th. Read the announcement [here](#).
