Image Strip[™]

Enhance your company's brand. We can customize strips by printing your Company logo, company colors, company motto - let your proposal make an instant impression.

Fastback® 20 - fast, versatile, durable tape binding

One Touch Function

The FB20 is the ideal binding machine for all corporations, financial institutions, copy shops, print environments, or education establishments that require professional-looking presentations, yearbooks or bound documents at a fraction of the time required to bind with alternative binding solutions such as coil, comb, or wire. This machine offers unprecedented ease of use with its LCD display that guides the user through each operation using animated illustrations. The Fastback 20 works with all of the Powis binding materials, from the versatile Super Strip to the customized Image Strip to the Perfectback strips for perfect binding books. It can create anything from a simple report to a 350-sheet hard cover book.

Super strong bind

3 different strip widths for binding from 10-350 sheets

Layflat

3.5 times faster than punch-and-bind

Instructional LCD Screen:

spiralbinding.com 800-631-3572

Powis paper based binding has a low environmental impact versus plastic comb and coil binding

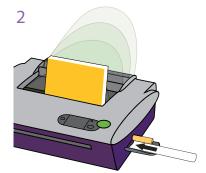

Papers and composition materials are FSC (Forest Stewardship Council) certified and contain 30% recycled and/or post-consumer waste content

Papers bound with Fastback bindings are fully recyclable — same as for magazines and paperback books.

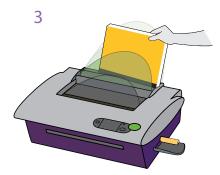

How to bind a book with the Fastback 20

Prepare book block, place into machine and press the green button.

Machine automatically measures book thickness and requests a narrow, medium or wide strip. Insert binding strip.

When finished, remove book and place in cooling rack. Voila!
