Xerox® Production Media Cart and Pallet

Your production flow just got easier.

Stacks of printed output. Oversize paper. Transport for further finishing. Store it for later. These are all the ebbs and flows in a production environment that keep your operator on a hectic pace.

To simplify this environment, Xerox introduces the Xerox® Media Cart and Media Cart Pallet for selected Xerox® presses.

The Production Media Cart interfaces with certain Xerox® stackers to assist with transporting printed media—without an operator touching the output. Take sets from the printer stacker to the Media Cart Pallet for storage or to another offline finishing device. Set integrity remains in place, all while providing a convenient and ergonomic solution, especially when dealing with large paper stocks.
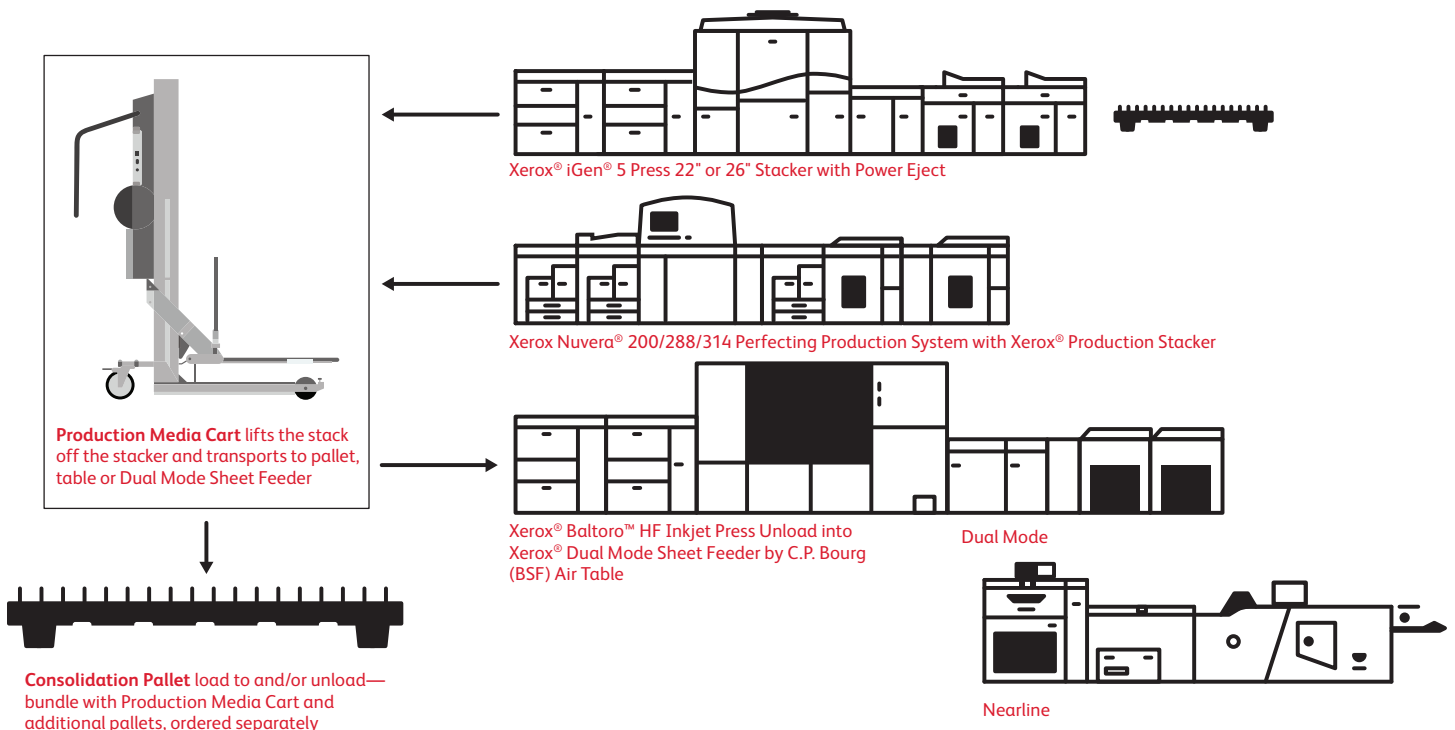

The Xerox® Production Media Cart uses a battery-powered vertical elevation system to set the media table height and transfer the paper stack from the stacker to the cart, as well as from the cart to the pallet.

BENEFITS

- Provides storage capability solution to customers
- Enables production workflow efficiencies
- Saves time to offload for offline printing
- Improves ergonomics, especially handling large paper sizes
- Hand crank helps position the stack when loading and unloading

XEROX® PRODUCTION MEDIA CART AND PALLET

Workflow for iGen® and Xerox® Baltoro™ HF Inkjet Press and Xerox Nuvera® Systems

Xerox® iGen® 5 Press 22" or 26" Stacker with Power Eject

Xerox Nuvera® 200/288/314 Perfecting Production System with Xerox® Production Stacker

Production Media Cart lifts the stack off the stacker and transports to pallet, table or Dual Mode Sheet Feeder

Xerox® Baltoro™ HF Inkjet Press Unload into Xerox® Dual Mode Sheet Feeder by C.P. Bourg (BSF) Air Table

Dual Mode

Consolidation Pallet load to and/or unload— bundle with Production Media Cart and additional pallets, ordered separately

XEROX® PRODUCTION MEDIA CART AND PALLET SPECIFICATIONS

Paper Stack Pickup Height

- From the Xerox® Baltoro™ HF and Xerox Nuvera®:
  - Stack pickup low elevation: 9.26" (228 mm)
  - Stack pickup high elevation: 23.6" (600 mm)

- From the iGen® family:
  - Stack pickup elevation: 4.06" (103 mm)

Production Media Cart Size

- Length: 43.5" (1,105 mm)
- Width: 33.5" (851 mm)
- Height: 53" (1,346 mm)
- Weight: 165.5 lb (75 kg)

Media Cart Media Size

- iGen:
  - Minimum: 7 x 11" (177.8 x 279.4 mm), 11" in the process directions
  - Maximum: 14.33 x 26" (364 x 660.4 mm)

- Xerox® Baltoro™ HF and Xerox Nuvera®:
  - Minimum: 7 x 8" (177.8 x 203.2 mm)
  - Maximum: 14.33 x 19.33" (364 x 491 mm)
  - Maximum stack capacity
    - 56 gsm – 400 gsm: 270 mm
    - 75 gsm—2,600 sheets
  - Maximum load capacity
    - 160 lb (72.6 kg)

Media Cart Pallet Size

- Length: 48.5" (1,232 mm)
- Width: 35" (889 mm)
- Weight: 45 lb (20.4 kg)

Pallet can hold up to:

- 6 – 8 stacks of A4 stacks 8.3 x 11.7" (210 x 297 mm), depending on placement
- 2 stacks of 14.3 x 26" (363.22 x 660 mm)
- 4 stacks of A3, 11.7 x 16.5" (297 x 420 mm)
- 4 stacks of Legal, 8.5 x 14" (215.9 x 355.6 mm)
- 4 stacks of Ledger, 11 x 17" (279.4 x 431.8 mm)
- 4 stacks of 14.3 x 20.5" (363.22 x 520.7 mm)
- 2 stacks of 14.3 x 24" (363.22 x 609.6 mm)

There are Media Cart Kits required for the presses; please see your Xerox dealer for further information.
